MINEPUMP

How to download and install MinePump Mod

1. Install latest version of Minecraft Forge:
   https://files.minecraftforge.net/net/minecraftforge/forge/

2. Follow the instructions for installing the mod launcher

3. Download our MinePump Mod

4. Go to file explorer and to %appdata% -> .minecraft folder -> find the mods folder and drop the MinePump_Mod..jar file inside of the folder

Good luck, have fun.
